Samuel H. Gatchell III - Chief of Police

News Release

Date: 18 January 2010

The Northwest Regional Police have recovered numerous lawn decoration type items left at several West Donegal Township residences in the past two days. Various lawn ornaments, landscaping accessories, mail boxes, signs and lighting fixtures have been found in the first block of Bullrush Landing, the 200 block of Rutts Rd. and the 1800 block of Rhoda Avenue. It appears that unknown suspects had taken the items from other residences and placed them in front yards or unlocked vehicles as a practical joke. Due to the large number of items, it is believed that the suspects were using a vehicle.

The Northwest Regional Police are asking that anyone who is missing items from their properties to report the incident to their respective police departments. They are also asking that anyone with information about the thefts to contact them at 717-367-8481.
